SciStarter
Science we can do together.

Scan for video instructions:

# Welcome! Here's How to Get Started

These quick steps will help you jump right in and make your participation count for real science.

1 **Create a free SciStarter account**

Sign-up at SciStarter.org/login. For participants under 13, an adult should set up a family account.

2 **Sign up for Zooniverse**

Register for an account on Zooniverse.org. Remember your username!

3 **Connect your accounts to track your contributions!***

Visit your SciStarter Account Settings (SciStarter.org/dashboard/settings) and add your ***Zooniverse username*** to "Affiliate Integration" box. You only need to do this ONCE!

4 **Dive in!**

Return to Zooniverse.org, click "Projects" to find the featured project and step-by-step instructions!

**Why connect your accounts? It lets you see all the science you've contributed to—and helps us work together toward **2.50 Million Acts of Science** this April!*
